

KPP MINING

ABOUT US

PART OF A STRONGER VISION

AHEMCE
Astra Heavy Equipment, Mining, Construction and Energy

#**Raih Energi**

Our Journey

2003 Established in Banjarbaru,
South Kalimantan

2021 Gold Mining Project

2023 Nickle Mining Project

7100 Employees,
powering services

Our core values
drive our actions

483.354 Corporate
innovation projects (2012-2025)

Vision

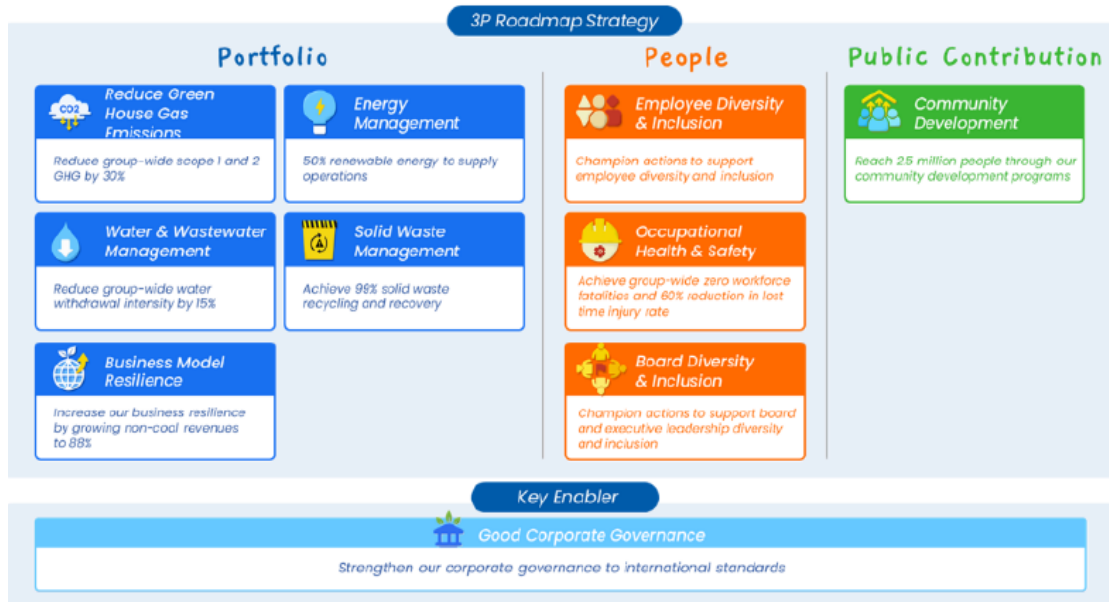

To be the biggest Integrated Mining Services
Company in Indonesia through **CARES**

- **Commitment** to quality & punctual delivery of products
- **Awareness** on the quality of life of the employees and its surrounding community
- **Reliable** mining engineering capability
- **Effective** & efficient mining management
- **Safety**, Health, and Environmental consciousness

Mission

- To provide services in mining with best quality, competitive prices and punctual delivery
- To improve the value creation for shareholders
- To develop competencies and employees engagement through smart working environment
- To build mutually beneficial relation with the stakeholders
- To develop work behavior which prioritizes the Occupational Health, Safety and Environment

ASTRA 2030 SUSTAINABILITY ASPIRATION & FLAGSHIP INITIATIVES PROGRAM

ASTRA: 50% Renewable energy mix
AHMCE: 22% Renewable energy mix

3 Water Management

ASTRA: 15% reduction of water intensity (withdrawal)
AHMCE: refer to each business unit category

4 Solid Waste Management

ASTRA: 99% solid waste diverted
AHMCE: 62% solid waste diverted

5 Diversity, Equity, and Inclusivity in Employee

6 Employee Health and Safety

ASTRA: Zero fatality & LTI rate : 0.3
AHMCE: Zero fatality & LTI rate : 0.093

7 Community Development

ASTRA: 2.5 million beneficiaries
AHMCE: 750,000 beneficiaries

8 Business Model Resilience

ASTRA: 80% revenue from non-thermal coal activity
AHMCE: 50% revenue from non-thermal coal activity

9 BOD Diversity & Inclusivity

10 Good Corporate Governance

ASTRA & AHMCE: KPI ESG, TCFD

OUR SUSTAINABILITY FLAGSHIP INITIATIVES PROGRAM

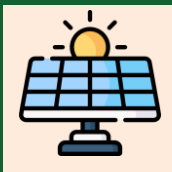

GHG REDUCTION

- FECO (Fuel Economic Mode)
- Fuel Switching B35 Program

Solid Waste Management

- Budidaya Maggot
- Eco Enzyme
- Instalasi Pengolahan Sampah Berbasis Masyarakat

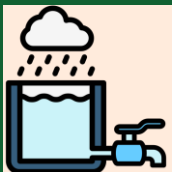

ENERGY MANAGEMENT

- Retrofit Tower Lamp
- Solar PV Power Plant System
- Bioaditif Program

Employee Health and Safety

- Safety Framework
- Incident Prevention
- Improving Employees Health

WATER MANAGEMENT

- Flow Meter
- Water Harvesting

Community Development

- Instalasi Air Bersih dan Sanitasi
- Agroforestry, Reboisasi Mangrove, Hutan & DAS
- Inkubator & Akselerator Bisnis

Effective & Efficient, Safety, and Sustainability

Mining companies have the potential to save of their energy consumption if they improve the efficiency of their operations

High Complexity

Data mining, which involves using algorithms to find complex patterns in large datasets, or physical mining,)

The New Era of Mining

Digitalization is not an option but a necessity.

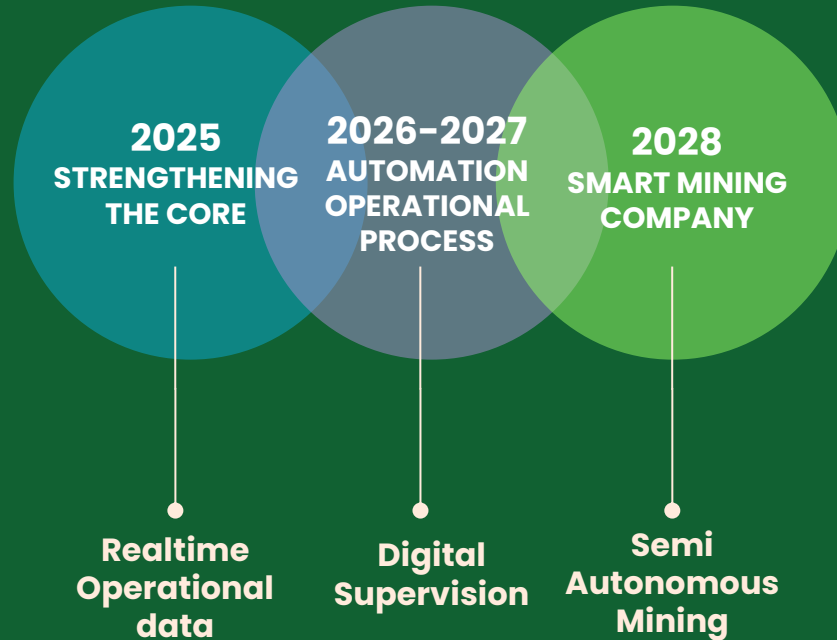

Increased operational efficiency was identified as the primary benefit of digitalization and AI, followed by reduced costs and improved productivity
